

Ohio Department of Transportation Prebid Questions

Project No. 080284

Sale Date - 4/23/2008

Question Submitted: 4/1/2008

Question Number: 1

Structures POR-76-1758 and 1658 call for 8' vandal fence with BP-4 bases. These bridges have a AR-1-57 with type A post railing on them. Is this railing to be removed so a bottom rail can be installed, or is it to remain and a stainless steel closure plate to be installed per VPF-1-90, sheet 7? The cost of the fence would be substantially less if the railing were to be removed and a bottom rail installed.

Bid the plan as shown. The alternative you have proposed will not be acceptable.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
