## Prebid Questions

Project No. 080081

Sale Date - 2/13/2008

Question Submitted: 1/22/2008

Question Number: 1

There are existing rumble strips within the limits of this project. There is no provision in the plans to fill the rumble strips prior to paving. Filling the 1/2" groove when placing the 3/4" overlay could create a differential compaction issue in the area of the rumble strip along with a quantity overrun. Please advise.

Question Submitted: 1/22/2008

Question Number: 2

Ref no. 3 Pavement Repair, has a quantity of 30cy in the proposal. On page 5 of the plans, the note ITEM 253 - PAVEMENT REPAIRS states a quantity of 20 cy has been included, and at the bottom of the same note a quantity of 230 cy is shown. Which of the 3 quantities is correct 20, 30 or 230 cy?

**The quantity in the bid proposal of 30 c y is correct.**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
