## Prebid Questions

Project No. 095005

Sale Date - 7/15/2009

Question Submitted: 7/10/2009

Question Number: 1

What is the completion date of this project and is there a rough estimate for the total project cost? Is there a specified location to get dirt for this project?

**October 31, 2009 We can not disclose the State estimate. No specified location has been identified.**

Question Submitted: 7/13/2009

Question Number: 2

Reading the general notes on the closure time for these two box culverts are you saying there will be a 14 day closure for each of the box culverts? Also the notes say we can not start before Sept. 1, 2009. Also did not see a completion date for both culverts.

**The 14 day closure and restrictions are only for the culvert at 9.63, presently the culvert at 8.44 is closed and will remain closed until the culvert is replaced. The September 1 start date is only for the culvert at 9.63 and the roadway must remain open until this date at only this location. The project completion date will be 10-31-09.**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
