Prebid Questions

Project No. 098031

Sale Date - 9/30/2009

Question Submitted: 9/11/2009

Question Number: 1

A good portion of the curb that is to be removed and replaced is against existing sidewalk. The sidewalk will most certainly be damaged during removal of the curb, will the contractor be held responsible for damages in these locations? The typical section on page 2 does not show expansion between the curb and new or existing walk. Will it be required and if so will joint sealer be required on top of the expansion?

Question Submitted: 9/11/2009

Question Number: 2

On page 2 the notes for Truncated Domes As Per Plan calls for Cast Iron Truncated Domes to be placed on existing sidewalk. This cannot be done, does ODOT intend to pay for removal and replacement of sidewalks in these areas or allow for other approved ADA curb ramps? When will this project be on Bid Express?

Question Submitted: 9/23/2009

Question Number: 3

Will there be any requirement to do this project in phases? Onsite there is curb that is falling apart and there are two rebar showing in the top 1/3 of the curb. Is this the only rebar in the existing curb or is there more?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
