Prebid Questions

Project No. 060135

Sale Date - 3/8/2006

Question Submitted: 2/20/2006

Question Number: 1

ON PAGE 5 OF 16, THERE IS A NOTE TITLED " MAINTENANCE OF SHOULDERS ", I HAVE THE FOLLOWING QUESTIONS:

1. WHAT IS THE REQUIRED SPACING FOR THE WEIGHTED CHANNELIZERS PLACED BEHIND THE TEMPORARY EDGE LINES ?
2. IF THE DEPARTMENT IS CONCERNED ABOUT THE SHOULDERS DURING THE PAVING OPERATION, WOULDN'T IT BE BEST TO REQUIRE THE WEIGHTED CHANNELIZERS LEFT ON THE SHOULDERS UNTIL NEW PERMANENT MARKINGS ARE INSTALLED ?

A1) The maximum spacing for the weighted channelizer is specified in the plan note on sheet 5 A2) If the contractor feels that leaving the weighted channelizers on the shoulders is best to fulfill the requirements of the plans, this is permissible.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
