Prebid Questions

Project No. 080427

Sale Date - 6/18/2008

Question Submitted: 6/10/2008

Question Number: 1

1) Bid item 0030 is for the installation of a new pull box, does this box replace an existing pull box? Should there be a pull box removed item? With this pull box located in the roadway should a traffic rated lid and box be supplied?2)Plan page 16/22 shows the location of the new pull box (item 0030) does the conduit shown crossing the east bound lanes from the existing pull box also exist or is this new conduit? It's not marked on the plans as existing.3) The plans call for (B/R 0031) 182 Ft of plastic caution tape, no trench or plowed in cable exists on the plans, where does this tape go?4) B/R 0036 for the removal of video detector, what intersection is this work done at? IS the removed equipment disposed of or will the Department keep it? Will the removal include pulling out old cable in conduit or can the cable be abandoned? Will any work in the controller cabinet be required? IS this a complete video system removal or partial and will any programming changes be needed?5) Will a wiring diagram be provided to show loop and detector assignments?

Question Submitted: 6/9/2008

Question Number: 2

Bid Ref. #0031, Plastic Caution Tape calls for 182 feet. What is the purpose of the caution tape, since there is no bid item for trench or conduit? Also, where is the caution tape to be located?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
