Prebid Questions

Project No. 070455

Sale Date - 9/26/2007

Question Submitted: 9/20/2007

Question Number: 1

On sheet 9 of the plans in the general notes there is a linear grading note that requires grindings to be placed as a 617 item under this linear grading bid item. There is also a note with a pay item for 617 compacted aggregate 507 cy. The typicals on pages 3-7 show both linear grading and 617 being performed on the shoulder berms and pavement removed areas. Is the materials placed in these areas to be included for pay under the linear grading item or paid for under the 617 item?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
