## Prebid Questions

Project No. 090493

Sale Date - 11/4/2009

Question Submitted: 10/28/2009

Question Number: 1

Plans show SR 39 project end limit at the Carroll County Line is at mile 25.23; but your District 11 No Passing Zone Log (TUS), Route 39, pages 1 through 24 shows the Carroll County Line at mile 24.588 - which is correct?

**The Straight Line Mileage (SLM) shown in the plans is correct. The SLM on the No Passing Logs is incorrect due to the removal of station equations throughout the county. The No Passing Zone lengths are correct, just the SLM designations will need to be adjusted using common landmarks such as intersections, bridges or the County Line to match them to the correct SLM in Tuscarawas County**

Question Submitted: 10/30/2009

Question Number: 2

Will we be permitted to use a Michigan Wedge Joint on this project?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
