Prebid Questions

Project No. 065009

Sale Date - 7/12/2006

Question Submitted: 7/7/2006

Question Number: 1

The majority of the repairs are within an area bordered by state roads can the area below the repair be used for temporary storage of dirt?

The provisions of Section 106.05 of the C&MS applies, with the approval of the engineer. Drainage, clear zone, sight distance, etc. would have to be considerations.

Question Submitted: 7/8/2006

Question Number: 2

IS THERE A PAGE 11A WITH INSTALLATION DETAILS FOR WORK ZONE RAISED PAVEMENT MARKERS AS PER NOTE ON PAGE 16, IF NOT ARE TRPM'S REQUIRED ON THIS PROJECT?

At one time, we included Work Zone Raised Pavement Markings in the project, but due to the limited construction times involved for each site and phase of MOT, we decided not to use them. The note should have been deleted. There is no sheet 11A. There are no pay items for Work Zone Raised Pavement Markings in the General Summary or Proposal.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
