Prebid Questions

Project No. 040393

Sale Date - 6/16/2004

Question Submitted: 6/15/2004

Question Number: 1

It has come to our attention after talking to 4 suppliers, the concrete box culvert required for this project will not be available until mid to late August? This date is a month later than the July 19, 2004 date the department will begin counting days for the "B" portion of the contract.

Thank you for bringing this to our attention. We have determined that the project will be let as scheduled.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
