Question Submitted: 6/15/2009

Question Number: 2

Question #1- Line #24, 4" asphalt sidewalk, bid item by the s.f., should it be bid by the c.y. If not, then what is the mix composition for the item? Question #2- Landscaping- How do you determine the size of the individual planting beds on the project?

Question Submitted: 6/16/2009

Question Number: 3

1. Sheet 39, 40, & 41 - To determine how much mulch and soil is needed in planting, I need to know what the scale of the designs are to determine bulk quantities. 2. Sheet 39 - Foundation Stones - What type of stone & how high is the wall? 3. Sheet 42 - Brick Paver Detail - Is there brick edge restraint to support the outside edges of the brick pavers?

Question Submitted: 6/9/2009

Question Number: 4

Item 604 Trench Drain. Will alternates that are already on the Qualified Products List (QPL) be accepted as an equal? There is currently only one manufacturer listed. Question two. The current specification on this project lists ALL grates be removable. Other Current ODOT projects call for using a removable grate only every 50' and prior to the catch basin. Are you sure you want to use all removable grates that may require a special tool?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
