Prebid Questions

Project No. 100232

Sale Date - 4/29/2010

Question Submitted: 4/22/2010

Question Number: 1

Item 513 level UF note on sheet 139 of 159 refers to Tables 2 and 3 for members included in this item. Where are these tables located? I cannot find them anywhere in the plans.

This questions has been answered by forthcoming addendum.

Question Submitted: 4/26/2010

Question Number: 2

Plan sheet 141/159, under the 202 Removal note, states that "The contractor shall provide protection for falling debris over Duck Creek." Will saw slurry be considered "Debris" and covered under this note?

Saw slurry is not considered debris.

Question Submitted: 4/26/2010

Question Number: 3

The Power Service note on p.125 calls for the contractor to pay all power company fees associated with the installation and connection of the power service. The AEP solution center (listed in the plans) requires a work order to be placed in order to get an "estimate" on the proposed work. How can the contractor include an accurate cost in the bid without this number? A work order would only be placed after the contract for this project is awarded. Item 625.16 in the CMS says "Charges made by the power company.... will be borne by the maintaining agency" due to the uncertain cost at the time of bid. Please issue an addendum for this item.

The plans supersede the CMS, therefore bid as per the plans. The contractor should be able to meet with the utility company and get an estimate for the work.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
