Question Number: 1

On your price sheet to be filled out you have the facility name of District 2 HQ Office listed 3 times with 3 different inventory numbers. What is the difference in those numbers? It also states that all repair parts are to be billed at cost with proof of cost. Does this mean you intend to not let the awarded vendor make any profit on repair parts or that all profit should be built into the hourly rate?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
