REQUIREMENTS/SPECIFICATIONS

Section 1: Intent

The purpose of this invitation is to establish pricing for the nightly sweeping of hard surface areas and the collection of litter of the Ohio Expositions Center during the length of and two days after the closing of the Ohio State Fair. A two to three day gap immediately following the fair is allowed for vendors to exit the fairgrounds prior to the final cleaning of the entire hard surface area.

Section 1a: MBE Vendors Only.

This invitation to bid is restricted to Minority Business Enterprises (MBE’s) certified by the State of Ohio Equal Opportunity Coordinator in accordance with Section 123.151 (B)(2) of the Ohio Revised Code. Only quotations submitted by certified MBE’s will be considered for award.

Section 2: Award

This contract is a one-time award to the lowest responsive MBE bidder quoting the lowest grand total cost for all (16) days of sweeping services to be performed.

Section 3: Contract Duration

The Ohio State Fair will operate from July 23 through August 3, 2014. The contract duration will be for approximately 16 days, commencing in the late evening (PM) of July 22, 2014 with preparations for the opening of the Ohio State Fair and continuing nightly until August 6, 2014.

Section 4: Mandatory Pre-Bid Walk Through

A mandatory pre-bid walk through will be held at the Ohio Expo Center and State Fair, Rhodes Conference Center Room 150 717 East 17th Ave, Columbus, Ohio 43211 at 9:00 am – 10:00 a.m. on Monday, June 9th, 2014. Any vendors who do not attend the mandatory pre-bid walk through will be deemed non-responsive.

Section 5: Pricing

The each day unit cost provided on the pricing page shall include all equipment, maintenance, pickup, delivery, labor and material cost required to perform the work as described below.

Section 6: Hours of Work

The work is to be performed between the hours of 12:00 am and 4:00 am during the Ohio State Fair and between the hours of 7:00 am and 4:00 pm for the days after the completion of the Ohio State Fair.
Section 7: Equipment

The following sweeping equipment may be used to perform the sweeping of the Ohio Expositions Center.

- Small air sweeper (Tymco 210 or equivalent)
- Large Air Sweeper (Tymco 600 or equivalent)
- Large Broom Type Sweeper (Mobil M-8 or equivalent)
- 3,000 Gallon Water Truck (Ledwell F750 or equivalent)

Any combination of equipment and labor can be used in order to complete the assigned work in the allotted time frame.

Section 8: Scope of Work

The contract sweeper will be required to provide all equipment and manpower necessary to complete the sweeping of the litter on a nightly basis. The amount of litter varies on a daily basis. It is estimated that approximately four (4) hours will be required to perform the sweeping and litter clean up operations. The total number of hours required to perform the sweeping and litter clean up operations may vary depending on weather conditions and the amount of litter that is generated during the operation of the Ohio State Fair with a maximum of five (5) hours being allowed for each day.

In order to determine the extent of litter to be swept on a given night, a nightly pre-sweeping site review will be conducted by the ODOT project inspector and the contract sweeper supervisor. The contract vendor will be required to sign-in and out his personnel on a nightly basis with the ODOT project inspector.

The contractor shall contact the Ohio Expositions Centers Director of Maintenance to obtain personal identification badges, admission passes, parking passes and vehicle passes for his employees. No additional personal identification badges, admission passes, parking passes and vehicle passes shall be issued for the contractor’s employees other than the employees who are required to supervise or operate the equipment required to perform the work.

The total pavement area swept on a nightly basis is approximately 40 to 60% of the total paved area of the EXPO Center with the exception of the sweeping at the end of the fair. After the fair, all of the paved areas will be swept. Please refer to attachment A for a site survey of the work area.

The contract vendor shall set aside the traffic cones north of 17th Avenue in the Plaza area for the sweeping of the flare debris.

The Ohio Exposition Center’s Director of Maintenance shall provide access to water and provide an approved dump site. The contract vendor shall deposit the swept litter from the removal to the 2nd bay of the Viaduct at the southwest corner of the EXPO Center property into the dumpster or on the ground. ODOT personnel will load the litter on a daily basis from the litter deposit location and have it hauled off-site to the solid waste facility.

The EXPO Center litter crews must complete moving debris in the main aisle ways prior to sweeping each area noted below. The sweeping priorities for the EXPO Center are as follows:

- North of 17th Avenue and the Plaza Areas (1st) – Large Sweepers
- Kiddies’ Land (2nd) – Small Sweepers
- Midway (3rd) – Small Sweepers
- Food Court (4th) – Large and/or small sweepers
- Mall (5th) – Large and/or small sweepers
- Viaduct (6th) – All sweepers

The contract vendor shall contact the ODOT project inspector by cell phone, once each area is cleared for final inspection on a nightly basis. Contact information will be supplied to the successful vendor.

Should the contractor require more than the maximum of a five (5) hour work period to complete the sweeping and litter clean up operations during the Ohio State Fair, both the contractor’s supervisor/foreman and the project engineer or his designee shall meet to determine the reason for the delay and how to mitigate any further delays. A disincentive may be assessed at $100 for each hour after each five (5) hour maximum work period.

When terms and conditions set forth elsewhere in the ITB conflict with these terms and conditions, the ITB standard terms and conditions shall prevail.

2. GOVERNING LAW/SEVERABILITY: The ITB, award and the agreement entered into with the successful bidder (hereinafter referred to as "the Contract") are governed by the laws of the State of Ohio. If any provision of this Contract, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this Contract, or the application of such provision to persons or circumstances other than those as to which it is found to be invalid, as the case may be, shall not be affected thereby.

The purpose of the specification is to describe the supplies or services to be purchased and will serve as a basis for comparison of quotes. The Department may use any form of specification it determines to be in the best interest of the State and that best describes the supplies or services to be purchased. Specifications may be in the form of a design specification or a combination thereof. If the department determines that a design, performance or a combination specification is not in the best interest of the State, it may use brand name or equal specifications. Where a brand name or equal specification is used, use of brand name is for the purpose of describing the base standard of quality, performance and characteristics desired and is not intended to limit or restrict competition. Substantially equivalent supplies or services to those designated will be considered for award.

The Department may also use a qualified products list of the Federal government or may develop a qualified products list applicable to ODOT. When developing a qualified products list, the Department shall solicit a sufficient number of suppliers to ensure maximum coverage with providers of the supplies or services. Any supplier, not solicited, may request inclusion on the qualified products list. Potential suppliers will be required to furnish exact samples of the supplies or services to be provided for testing and examination by ODOT. Only those supplies or services that conform to ODOT's requirements will be considered for inclusion on a qualified products list.
Specifications as shown in the Construction and Materials Handbook are incorporated into the ITB and made a part thereof and are found in the current Ohio Department of Transportation Construction and Materials Specifications handbook and provisions of the current version of supplemental specification 800 that is in force at the time of award. To obtain the current specifications, contact:

Columbus, Ohio 43223
Telephone (614) 466-3778 or (800) 459-3778

The cost of the handbook is $12.00. You can access Supplemental Specification 800 on ODOT’s Web Site at: [http://www.dot.state.oh.us/drrc/](http://www.dot.state.oh.us/drrc/).

6. UNIT PRICE GOVERNS: The unit price governs the award unless otherwise specified in the ITB. The unit price must be entered for each item being bid. Use of ditto marks, arrows, or other markings in lieu of the actual unit price shall be deemed non-responsive. Lot prices listed in the unit price area shall be considered as the unit price unless clearly identified as the lot price. Any request to change or alter the price after opening of the bid shall not be allowed. Bidders should review bid pricing carefully, as once a contract is awarded; the Vendor shall be required to deliver the goods or services at the prices quoted. Bidders shall not insert a unit cost of more than three (3) digits to the right of the decimal point. Digit(s) beyond three (3) will be dropped and not used in the evaluation of the bid or payment thereof.

7. BIDS FIRM: Once opened, all bids are firm and cannot be altered. Once a contract is awarded, the Vendor shall deliver at the prices and terms quoted. The Ohio Department of Transportation shall receive the benefit of any decrease in price during the guaranteed price period. Unless otherwise stated, all bids shall remain valid for a period of sixty (60) calendar days after the bid opening date.

8. MODIFICATION OF BIDS: A bidder may request to modify their bid response prior to the scheduled date and time set for bid opening. If changes or alterations are made to the bid response, the original information must be lined or opaqued out with the new information inserted. All changes, corrections, or alterations must be legible and initialed by the bidder. Illegible modifications shall result in disqualification of the items. Failure of the bidder to initial any such modifications may result in disqualification of the items which have been modified. ODOT reserves the right to request written certification from the bidder verifying that such changes were made by the bidder and are applicable to the ITB and any resulting contract. All documents relating to the modification shall be made a part of the bid file.

9. WITHDRAWAL OF BIDS: Prior to the scheduled time and date for opening: A bidder may, by written notice to the Director of ODOT, request to withdraw their bid response. Such written notice must set forth reasons for the withdrawal. After bid opening, a bidder may request to withdraw their bid response from consideration if the price bid is substantially lower than the other bids, providing the bid was submitted in good faith, and the reason for the bid price being substantially lower was due to an unintentional and substantial arithmetical error or unintentional omission of a substantial quantity of material or labor in the compilation of the bid. Written notice of any such request to withdraw must be sent by fax, email, or certified mail, and received within forty-eight hours after the bid opening date. All requests to withdraw a bid must be placed in writing to the Director of ODOT and no bid may be withdrawn without written approval from the Director of ODOT. The decision to allow a bid to be withdrawn is at the sole discretion of the Director of ODOT. If the bid is to be awarded by category, the withdrawal request will apply to all items within the category. All documents relating to any withdrawal request will become a part of the permanent bid file. Pursuant to Ohio Revised Code Section 5525.01, the Director may declare forfeited any bid bond associated with a bid if the terms of this paragraph are not met.

10. TAXATION: ODOT is exempt from federal excise taxes and all state and local taxes, unless otherwise provided herein. ODOT does not agree to pay any taxes on commodities, goods, or services acquired from any Vendor.

11. REJECTION OF ANY/ALL BIDS: The Director of ODOT reserves the right to accept, or reject, any or all bids, in whole or in part, and may determine that any irregularities or deviations from the specifications do not result in the bid being non-responsive, provided however, that the Director of ODOT determines that this does not affect the amount of the bid or result in a competitive advantage to the bidder.
12. DISQUALIFICATION OF BIDDERS: Any of the following reasons may be considered as being sufficient for the disqualifications of a bidder and the rejection of their proposal:

A. More than one proposal for the same work from an individual, firm or corporation under the same or different name.

B. Evidence of collusion among bidders.

C. Bid prices which are in ODOT’s opinion unbalanced.

The bid supplied by a disqualified bidder shall be rejected, and the disqualification determination will be used to evaluate the responsibility of the bidder in future ITBs.

The Department will not award a contract for goods or services, funded in whole or in party with Federal funds, to a Vendor who has been suspended or debarred from doing business with the State of Ohio or who appears on the Federal List of Excluded Parties Listing System http://www.epis.gov/.

12A. NOT RESPONSIBLE VENDORS: ODOT maintains a list of vendors who have not acted in a responsible manner while doing business with ODOT. This list can be found through the following link:

https://extranet.dot.state.oh.us/groups/purchasing/default.aspx

Bidders are required to disclose any relationship they may have with vendors on the above list. Disclosure of the relationship with the vendors shall include but not be limited to the name of vendor, name of Chief Operating Officer, and address of the vendor.

12B. DISTRIBUTOR’S DISCLOSURE INFORMATION: Bidders who are not the original manufacturer of the product to be supplied to ODOT are required to supply the name of the original manufacturer. Thus, if the bidder is not the manufacturer of the product supplied to ODOT, the bidder should disclose the following: The name, Chief Operating Officer, location, primary phone contact number, and primary vendor contact individual of the manufacturing company. The bidder should also disclose any other relevant information that would allow ODOT to evaluate the product or producer.

Failure to provide any of the above information may deem the bidder non-responsive.

13. CREATION OF THE CONTRACT: A contract is created between the Vendor and the Ohio Department of Transportation when the Director of Transportation accepts the competitive bid and acknowledges the acceptance in writing. The contract shall become operational only when either a purchase order has been issued or the Department’s payment card is presented to the awarded Vendor. The contract shall contain all the terms and conditions of this ITB, as well as the accepted responses in the bid proposal, except that no responses may change or alter the terms and conditions of this ITB.

This Contract will be constructed in accordance with the plain meaning of its language and neither for nor against the drafting party.

14. NON-ASSIGNMENT OF INTEREST: The Vendor shall not assign any interest, duty or right under the Contract, in whole or in part, without prior written approval from the Director of ODOT.

15. PURCHASE ORDER/PAYMENT CARD REQUIRED: The ODOT is not obligated to purchase any goods or services provided by the Vendor as a result of the award of the contract to the Vendor. An official ODOT purchase order must contain approval signatures of the Office of Budget and Management, the Department of Administrative Services, and the Director of Transportation. The approved purchase order shall authorize the Vendor to provide goods or services listed on the order and will obligate ODOT to pay for such goods or services upon completion of delivery or performance of service by the Vendor. Any order placed, not using an approved ODOT purchase order or payment card, shall not be considered a valid order and may result in denial of payment and/or return of goods at the Vendor’s expense.
**Note:** Payments for purchases at the contract price are made within three (3) days of the actual sale date with a State of Ohio payment card. If you are able to accept the State of Ohio payment card, your company must meet the policies and procedures of the Department’s Office of Accounting. Payment cards cannot be used for service contracts when the Vendor is not on the approved list of incorporated vendors. In addition, unit prices quoted shall include all costs associated with the use of the State’s payment card if you have checked that your company is able to accept a credit card.

16. **DELIVERY/FREIGHT CHARGES:** Unless otherwise stated, ODOT shall not be responsible for freight or delivery charges. Prices are to be based upon the products or services being offered F.O.B. destination, freight prepaid by the Vendor to the locations set forth in the ITB or as listed on the purchase order issued pursuant to any contract awarded. Any shipment marked C.O.D. shall be rejected and returned at the Vendor’s expense.

17. **DELIVERY/INSPECTION, ACCEPTANCE AND AMENDMENTS:** Upon delivery of the product/service, ODOT retains the right to inspect the product/service prior to final acceptance and/or payment for the product/service. The purpose of the inspection process is to ensure that the product/service is in compliance with the specifications set forth in the awarded contract. In the event that the product/service does not meet the specifications, ODOT shall notify the Vendor for removal/replacement of the product or service. ODOT shall retain all rights and remedies as described herein. Wherein products ordered by ODOT are delivered to a facility, which is not owned by ODOT and where ODOT has contracted with this facility to take delivery of products ordered by ODOT, acceptance will occur when the products have been inspected and accepted by ODOT within a reasonable amount of time after delivery to the facility. ODOT shall not be responsible for any storage costs incurred prior to the inspection and acceptance.

No amendment or modification of this Contract will be effective unless it is in writing and signed by both parties.

18. **DELIVERY/TITLE TO THE MERCHANDISE:** Title to the product(s) passes to ODOT upon inspection and acceptance. ODOT shall approve and process payment for the product(s) upon passing of the title.

19. **CONTRACT REMEDIES:**

   **A.** **ACTUAL DAMAGES:** Vendor is liable to the State of Ohio for all actual and direct damages caused by Vendor’s default. The State may substitute supplies or services, from a third party, for those that were to be provided by Vendor. In accordance with Ohio Revised Code §5513.05(c), the State may recover the costs associated with acquiring substitute supplies or services, less any expenses or costs saved by Vendor’s default, from Vendor.

   **B.** **LIQUIDATED DAMAGES:** If actual and direct damages are uncertain or difficult to determine, the State may recover liquidated damages in the amount of 1% of the value of the order, deliverable or milestone that is the subject of the default for every day that the default is not cured by the Vendor. If Delay of the cure is caused by ODOT, the delivery date shall be extended accordingly to offset such delays. Approval to extend any scheduled delivery date shall be at the sole discretion of ODOT.

D. **Electronic Commerce**: The State of Ohio is an active participant in Electronic Data Interchange (EDI). This program will benefit both the state and the Vendor by reducing time delays in receiving orders and payments that are associated with the existing manual processes. It is the goal of the State of Ohio to conduct all procurement activities through electronic commerce technologies. All Vendors are encouraged to move toward compliance with electronic commerce technologies, as this will be the preferred method of doing business with the State of Ohio in the future. The following EDI information is offered to assist all interested businesses in their efforts to move toward becoming a trading partner with the State of Ohio through the electronic commerce technologies.
E. **Electronic Data Interchange:** EDI is another major piece of the state’s electronic procurement model. EDI is presently used for electronic invoicing and payment of large dollar purchases. The program includes the receipt of electronic invoices from Vendors and the transmission of payment and remittance information back to the Vendor. A complete implementation guide for doing business with the State of Ohio using EDI, can be found on the Internet at: [http://www.state.oh.us/ecedi](http://www.state.oh.us/ecedi). This guide contains all of the information necessary for a business to become EDI compliant. By following all of the links, the entire guide may be viewed, downloaded and printed at your location. The state has implemented the purchasing transaction set and Vendors are encouraged to receive the electronic purchase order (850). The state will provide implementation guidelines for this activity which will involve participation by the Vendor. Once you become an EDI trading partner, incorporating additional transaction types will require minimal effort. If you are currently unable to perform EDI and would like to have assistance in establishing capabilities to conduct business with the State of Ohio through this technology, please contact: Greg Miller at (614) 466-3459 or Ruth Ann Neely at (614) 995-0755.

21. **BREACH OF CONTRACT:**

A. When the Vendor fails to perform its contract obligations or refuses to correct problems identified by department personnel or fails to perform with diligence and adequate effort as required to complete the contract in a timely manner, the Vendor will be declared to be in breach of contract. A Vendor complaint form will be filed by the district with the Office of Contracts, Purchasing Services.

B. The Vendor shall be given a written notice of its breach of contract by the Department. This notice will clearly state the performance problems that need to be cured. The notice will be sent certified or express mail.

C. The Vendor shall commence its cure within ten (10) calendar days or within a time frame agreed upon by the parties or risk being defaulted. If the performance problems have not been cured or good faith efforts have not been made within either the ten (10) calendar day period or another agreed upon time frame, the Director may declare the Vendor in default.

D. Pursuant to Section 5513.05 of the Ohio Revised Code the Department may recover from a Vendor who fails to promptly provide conforming articles, any incidental or consequential damages as defined in Section 1302.89 of the Ohio Revised Code incurred by the Department in promptly obtaining the conforming articles.

22. **TERMINATION FOR CAUSE - DEFAULT**

A. When the Vendor is declared to be in default, a written Notice of Default will be faxed and sent certified or express mail to the Vendor and the contract will be terminated.

B. Once the Vendor has been defaulted and the contract is terminated the Vendor shall cease all work or deliveries. Further, all pay estimates or invoices shall cease until the department conducts a final accounting.

C. The department may take possession of all materials, supplies and equipment at the project or those stored off site for which the department has paid the Vendor. The department may complete the work by such means as it deems appropriate. The department may also purchase, on the open market, any materials or supplies that have not been delivered by the Vendor.

D. If the department incurs further expense in completing the work or purchasing materials or supplies on the open market, the excess costs shall be paid by the terminated Vendor.
23. FORCE MAJEURE: Except as otherwise provided herein, neither the Vendor nor ODOT shall be liable to the other for any delay or failure of performance of any provisions contained herein, nor shall any such delay or failure of performance constitute default hereunder, to the extent that such delay or failure is caused by force majeure. The term force majeure, as used herein shall mean without limitation: acts of God such as epidemics; lightning; earthquakes; fire; storms; hurricanes; tornadoes; floods; washouts; droughts, or other severe weather disturbances; explosions; arrests; restraint of government and people; and other such events or any other cause which could not be reasonably foreseen in the exercise of ordinary care, and which is beyond the reasonable control of the party affected and said party is unable to prevent.

24. NON-DISCRIMINATION/COMPLIANCE WITH APPLICABLE LAWS: The Vendor, as a term of the Contract, shall comply with Civil Rights Act of 1964, the Federal Rehabilitation Act of 1973, any and all applicable Federal Executive Orders, any and all applicable Ohio Governor Executive Orders, and any and all other statutes, rules and regulations pertaining to non-discrimination. The Vendor further agrees that he/she is in compliance with the requirements of Ohio Revised Code Section 125.111.

25. NON-APPROPRIATION OF FUNDS: It is understood that ODOT’s funds are contingent upon the availability of lawful appropriations by the Ohio General Assembly. Subject to the applicable provisions of the Ohio Revised Code, ODOT represents: that it has adequate funds to meet its obligations under any Contract awarded as a result of this ITB during the current fiscal year; that it intends to maintain any Contract awarded as a result of this ITB for the full period set forth herein; and that it has no reason to believe that it will not have sufficient funds to enable it to make all payments due hereunder during such period. However, if the Ohio General Assembly fails at any time during such Contract period to continue funding for any Contract awarded as a result of this ITB, ODOT’s obligations under such Contract are terminated as of the date that the funding expires without further obligation of ODOT.

Furthermore, if the source of funding for the ITB is supplied by an entity other than ODOT, and if said funding is withdrawn prior to the acceptance by the Director, ODOT’s obligations under this contract are terminated without further obligation of ODOT.

Article II, Section 22, of the Constitution of the State of Ohio prohibits the current General Assembly from committing a future General Assembly to an expenditure. In addition, no state contract may extend beyond June 30 of the current biennium. Should the effective date of any state contract extend beyond June 30, of the current biennium, such contract shall be null and void unless the state affirmatively renews the contract through issuance of a valid ODOT Purchase Order or by actions of ODOT of the decision to renew. A biennium will expire on June 30 of an odd numbered calendar year. (For example, the 94/95 biennium expires on June 30, 1995.).

26. ANTITRUST: ODOT and the Vendor recognize that in actual economic practice, overcharges resulting from antitrust violations are usually borne by ODOT. As consideration for the Award of the Contract, and intending to be legally bound, the Vendor assigns to ODOT all right, title and interest, to all claims and causes of action the Vendor now has or may acquire under state or federal antitrust laws provided that the claims or causes of action relate to the goods or services that are the subject of the Contract, and except as to any claims or causes of action which result from antitrust violations that occur after the price is established under the Contract and that are not passed on to ODOT. Additionally, Vendor warrants that any overcharges resulting from antitrust violations by Vendor’s first tier suppliers and sub Vendors shall not be passed on to ODOT.

27. TERMINATION OR SUSPENSION: Any contract awarded as a result of this proposal may be terminated by either party after the expiration of sixty (60) days from the effective date of the contract by giving thirty (30) days prior written notice of intent to cancel to the other party. However, in the event that services/materials supplied by the Vendor do not comply with the terms/specifications in this invitation, the Department of Transportation reserves the right to cancel this contract immediately. Notwithstanding the above, the Department further reserves the right to cancel this contract for the following reasons within the following respective time frames.

A. TERMINATION FOR FINANCIAL INSTABILITY: ODOT may cancel this contract immediately by written notice to the Vendor if a petition in bankruptcy or similar proceeding has been filed by or against the Vendor.
B. CANCELLATION: Any contract awarded in error may be rescinded at the Directors discretion. If cancellation is for the convenience of ODOT, the Vendor will be entitled to compensation for any deliverable that the Vendor has delivered before the cancelation. Such compensation will be the Vendor's exclusive remedy and provided only after a proper invoice is submitted and approved by ODOT.

C. TERMINATION FOR DELINQUENCY, VIOLATION OF LAW: The State may terminate this Contract by written notice, if it determines that Vendor is delinquent in its payment of federal, state or local taxes, workers’ compensation, insurance premiums, unemployment compensation contributions, child support, court costs or any other obligation owed to a state agency or political subdivision. The State also may cancel this Contract, if it determines that Vendor has violated any law during the performance of this Contract. However, the State may not terminate this Contract if the Vendor has entered into a repayment agreement with which the Vendor is current.

D. TERMINATION FOR SUBCONTRACTOR DEFAULT: The State may terminate this Contract for the default of the Vendor or any of its subcontractors. The Vendor will be solely responsible for satisfying any claims of its subcontractors for any suspension or termination and will indemnify the State for any liability to them. Subcontractors will hold the State harmless for any damage caused to them from a suspension or termination. The subcontractors will look solely to the Vendor for any compensation to which they may be entitled.

E. TERMINATION FOR FAILURE TO RETAIN CERTIFICATION: Pursuant to section 125.081 of the Revised Code, the State may set aside a quote for supplies or services for participation only by minority enterprises (MBE’s) as certified by the State of Ohio, Equal Opportunity Coordinator. After award of the Contract, it is the responsibility of the MBE Vendor to maintain certification as a MBE. If the Vendor fails to renew its certification and/or is de-certified by the State of Ohio, Equal Opportunity Coordinator, the State may immediately cancel the Contract.

F. SUSPENSION: If Vendor fails to perform any one of its obligations under this Contract, it will be in default and ODOT may suspend rather than terminate this Contract with ODOT believes that doing so would better serve its interests.

In the case of a suspension for ODOT’s convenience, the amount of compensation due the Vendor for work performed before the suspension will be determined in the same manner as provided in this section for termination for ODOT’s convenience or the Vendor may be entitled to compensation for work performed before the suspension, less any damage to ODOT resulting from the Vendor’s breach of this Contract or other fault.

The notice of suspension, whether with or without cause, will be effective immediately on the Vendor’s receipts of the notice. The Vendor will immediately prepare a report and deliver it to ODOT which will include a detailed description of work completed, percentage of project completion, estimated time for delivery of all orders received to date, and costs incurred by the Vendor.

28. INDEMNIFICATION: The Vendor shall defend, indemnify and hold harmless ODOT for any and all claims, damages, lawsuits, costs, judgments, expenses or any other liabilities which arise as a result of the services performed by the Vendor or its employees or agents which is in any way connected with, or based upon services rendered in performance of the Contract. Reference 107.12 the Construction & Materials Specification handbook.

29. CONFIDENTIALITY: The Vendor acknowledges that some of the information, documents, data, records, or other material provided by ODOT during the performance of the Contract may be of a confidential nature. The Vendor agrees that it will not disclose any information obtained by it as a result of the Contract, without written permission from the Director of ODOT. Further, Vendor agrees to make all reasonable efforts to ensure that no such confidential information is disseminated by its employees. The restrictions herein shall survive termination of the Contract. The Vendor shall assume that all aspects of information, documents, data, records or other material are confidential unless otherwise indicated.
30. CONFIDENTIAL DATA: ODOT reserves the right to request additional confidential information, including but not limited to financial information, to be used for evaluation purposes even though such information may not have been required by the ITB. In the event such information is requested, ODOT agrees to retain such information as confidential to the extent permitted by law.

31. DRUG-FREE WORKPLACE: By virtue of the signature on the last page of this ITB, the bidder certifies, to the best of his/her ability, that its employees will not purchase, transfer, use or possess illegal drugs or alcohol or abuse prescription drugs, in any way, while working on state property. Failure to comply will result in immediate termination of any contract awarded and the Vendor will be subject to the provisions as set forth in Paragraph 21.

32. PATENTS: Section 107.03 concerning patented devices, materials and processes, as stated in the Ohio Department of Transportation Construction and Materials Specifications current issue, is incorporated by reference, as if rewritten herein for this Invitation to Bid. A copy of Section 107.03 is available upon request.

33. WORKERS’ COMPENSATION: Vendor shall be in compliance with all State and Federal laws pertaining to the type of service requested, such as Workers’ Compensation. ODOT is hereby released from any and all liability for injury received by the Vendor, its employees, agents, or subcontractors, while performing tasks, duties, work, or responsibilities as set forth in this contract.

34. PROTEST PROCEDURE:
   - Pursuant to Ohio Revised Code Section 9.312, an apparent low bidder found not to be responsive or responsible shall be notified of that finding and the reasons for it. The notification shall be given in writing and by certified mail.
   - Bidder shall have five (5) calendar days after receipt of notification to file a written protest. The Department shall meet with the apparent low bidder or bidders at their option upon the filing of a timely written protest.
   - No final award shall be made until the Department either affirms or reverses its earlier determination.

35. TIE BID PROCESS: If two or more bids offer the same unit price and are determined to be responsive and responsible, ODOT will break the tie as follows: during the bid evaluation process, the bidders that submitted tie bids will be contacted and given a deadline to submit a written revised unit price for the affected item or items. If a tie still exists, ODOT may repeat this process or look to past or current performance in order to secure the item or items. ODOT will not allow a tie bid situation to otherwise unnecessarily delay a potential award.

36. DEVIATIONS: Statements or modifications that deviate from the Invitation’s terms, conditions, specifications and requirements (such as altering delivery, changing F.O.B., price list changes, etc.) may render the bid non-responsive if the Director determines that the deviation or modification affects the amount of the bid or results in a competitive advantage for the bidder.

37. FINDING FOR RECOVERY: The Vendor affirmatively represents to the Department that it is not subject to a finding for recovery under Ohio Revised Code Section 9.24, or that it has taken the appropriate remedial steps required under Section 9.24 or otherwise qualifies under that section. The Vendor agrees that if this representation is deemed to be false, the contract shall be void ab initio as between the parties to this contract, and any funds paid by the Department hereunder shall be immediately repaid to the Department, or an action for recovery may be immediately commenced by the Department for recovery of said funds.

39. OHIO ETHICS LAW: Contractor agrees that it is currently in compliance and will continue to adhere to the requirements of Ohio Ethics law as provided by Section 102.03 and 102.04 of the Ohio Revised Code.

Bidders who qualify as an “Ohio” Bidder (offer an Ohio product or who have significant Ohio economic presence) or who qualify as a Border State Bidder are eligible to receive a five percent (5%) preference over non-Ohio/Border state bidders. The state reserves the right to clarify any information during the evaluation process. Bidders must complete this certification to receive the preference.

41. OHIO ELECTION LAW: Contractor affirms that, as applicable to it, no party listed in Division (I) or (J) of Section 3517.13 of the Revised Code or spouse of such party has made, as an individual, within the two previous calendar years, one or more contributions totaling in excess of $1,000.00 to the Governor or to his campaign committees.

43. Any person executing this Contract in a representative capacity hereby warrants that he/she has been duly authorized by his/her principal to execute this Contract on such principal’s behalf.

44. Any general rule of construction to the contrary notwithstanding this Contract shall be liberally construed in favor of the effect the purpose of this Contract and the policy and purposes of the Department. The Sub-Purchase Order shall be defined as that remaining portion of the Purchase Order that was not delivered on the scheduled delivery date.
