POLICY STATEMENT GENUINE O.E.M. PARTS

Product Liability Claims

“Will-fit” parts have proven to be the cause or a factor in a high percentage of our product liability claims. Our USA cost of product liability insurance, defense and Company out-of-pocket settlements can exceed \$1,000,000 each year.

This cost is in addition to an even greater expense associated with the largest product and safety engineering effort in the mowing equipment industry. The “Will-fit” or “Might-fit” parts do not and can not measure up to our standards. Independent lab tests have proven this fact to us over and over again. Little differences in parts specifications make a huge difference in safety, reliability, downtime, and overall total ownership costs.

Because of these issues, we have a concerted effort to recover our costs from anyone involved in the manufacture or sale of non-O.E.M. parts for our equipment which are implicated in any product liability case.

Informing Our Customers

When purchasing parts from an authorized dealer, customers expect, unless they are informed clearly to the contrary, that the purchased parts are genuine O.E.M. parts. It is clearly an illegal, deceptive trade practice when a “Will-fit” part is delivered or sold without complete disclosure to the purchaser. Our company will not be a party to such a plainly unethical practice.

Warranty Policy

Our Company’s policy is, and has always been, the O.E.M. parts must be used for warranty repairs. Also, warranty claims are frequently received for failed “Will-fit” components, and “Will-fit” components are involved, as a cause, in a large number of warranty claims against the equipment on which they have been installed. All defective paint claims must be accompanied by before and after pictures of the unit. The parts warranty is 90 days from the end-users invoice date. The warranty is for parts only, no labor. All warranty claims must be in by December 2, 2009, for review in 2009.

YOUR DIRECT REPLENISHMENT SOLUTION

GENERAL PROVISIONS OF SALE ON ALAMO INDUSTRIAL PARTS

1. Prices shown are suggested list prices.
2. Prices are F.O.B. point of shipment. Orders are shipped complete unless specified otherwise.
3. Prices are subject to change without notice.
4. Parts not shown in this price book may be available on an "on demand" basis. Contact our Parts Division for pricing and availability of these parts.
5. In order to meet competitive situations, Alamo Industrial reserves the option to sell directly to governmental agencies without obligation to local dealers and distributors. This also applies to private experimental organizations engaged in research development.
6. Returns will be processed in accordance to the general policy as outlined in the Parts Sales Terms & Conditions manual. Please contact our Parts Division for a complete copy of the policy.
7. Parts may only be returned for the following reasons
 - a. Ordered in error and the return is within 30 days of the invoice date.
 - b. Alamo Industrial order error.
8. Safety items such as decals, guards, shields and deflectors cannot be returned.
9. Parts must be genuine Alamo Industrial parts originally purchased from Alamo Industrial or an authorized Dealer/Distributor as service parts on a parts invoice. They must be priced in the current Alamo Industrial Repair & Replacement Parts price book.
10. Parts must be current, returnable, and in new/resalable condition. The parts must be properly identified with the Alamo Industrial part number.

Hello,

Thank you for inquiring into Alamo Industrial O.E.M. parts. Please let us know at anytime if you are unable to locate the cost of a part or if you need assistance in determining what part is needed. We are available to help you make the right purchase.

If you would like to have an electronic version of this price book, please contact your assigned Account Services Representative. It is available as a PDF and an Excel file for an upload to your computer system.

Best regards,

Mary Andrews

Integrated Supply Manager
