Feedback on Consultant Fee Estimation Guidance

The Department's Consultant Fee Estimation Guidance, available on this website under the heading "Manuals & Contract Documents", is actively being used on new agreements, modifications and task orders. This document was developed in a joint effort between the Department and the American Council of Engineering Companies of Ohio (ACEC). This guidance serves as a reference tool for ODOT Consultant Contract managers, project managers (both ODOT and Consultant) and other staff involved in estimation and negotiation of staff hours to effect a uniform and consistent process in Districts and Central Office.

The Department is interested in receiving specific feedback on its use. In an effort to provide ongoing refinement of the guidance, the Department has established an e-mail address for users to post questions, comments or suggestions for improvement. Please reference a specific task line item or section of the guidance.

The email address is: consultant.fee.guidance@dot.state.oh.us

Questions and responses will be posted on the this website under the heading "Proposal & Fee Information". Response time may vary based on the nature of the question, comment or suggestion.
