

Traffic Engineering Manual (TEM) Part 3, Markings

Errata List for the April 21, 2006 Revision Set

May 2, 2006

Chapter/Section No.	Page No.	Comment
301-10	3-9	In the fourth line of the first paragraph, revise “four” to “4.”
301-10	3-10	The TEM outline format is intended to use numbers, and then lower case letters (and then Roman numerals). For items 4 and 6 in this Section, revise the sub-items to use lower case letters (for item 4 - a., b., c.; and for item 6 - a., b., c., and d.).
304-3	3-17	Add an edit line in the right margin across from the fourth line in the third paragraph.
340-2	3-27 and 3-28	For items 2 and 3, revise the sub-items (second level of the outline sequence) to use lower case letters.
341-2	3-29	For item 3, revise the sub-items to use lower case letters.
342-2	3-33	In item 3 revise “Heat-Fused Performed” to “Heat-Fused Preformed.”
360-2.3	3-52 and 3-53	Revise the number for “Poor Quality Installation” to 2. Revise the number for “Pavement Failure” to 3. Revise the number for “Adhesive Failure” to 4.
