Mesh Fabric, Std. Drawing BP-2,
or 1/2" min. ϕ bars.

NOTES

MATERIALS: All lumber shall be S4S Std. KD, No. 1 common or better, Southern Yellow Pine or Douglas Fir, 711.26.
All lumber shall be treated in accordance with the requirements for "Pentachlorophenol Treatment," 712.06.
All screws shall be brass.
The pipe supports for the serving table shall meet the requirements of 707.08, and shall be galvanized in accordance with 711.02 of the specifications.
CONCRETE: Concrete slab shall be finished so that water will drain from top of slab.
Concrete shall be class "C" and constructed in accordance with the requirements of 511.
Aggregate subbase for concrete slab shall meet the requirements of 310, grading "C" or "D."
CHARCOAL GRILL: The charcoal grill shall be model P as manufactured by Modern Products Co., Tiffin, Ohio, or an approved equal manufactured by Gametime, Inc., Litchfield, Michigan, or by Mexico Forge, Mexico, Pennsylvania, or by any other manufacturer.
The charcoal grill shall be mounted on 1 1/2" I.D. galvanized pipe. It shall be attached to the pipe by a theft proof locking device that allows the grill to swivel 360 degrees. The identifying words "OHIO ROADSIDE REST" shall be cast in the top of each grate, using half inch capital letters.

METHOD OF MEASUREMENT: The charcoal grill and serving table shall be considered as one unit. The number of units to be paid for shall be the number completed and accepted.

BASIS OF PAYMENT: The work included in this item shall be paid for at the contract unit price bid for each "Item Special-Charcoal Grill and Serving Table" completed and accepted, which price and payment shall constitute full compensation for all excavation and backfill, and for furnishing, hauling and placing all materials, and for all labor, equipment, tools and incidentals necessary to complete this item.
